

Slope Correctors

Function

The slope correctors are designed to be installed directly onto the base of the adjustable pedestal to ensure better stability on sloped surfaces as well as optimising load absorption.

Available in 1 %, 2 % & 3 % increments, the slope correctors have quick connectors applied to the base of the pedestal increases its height by 5mm. Multiple correctors can be used together to match the slope percentage increment.

Specifications

Materials

Polypropylene

Model No.	Slope Correction (Angle)	A (mm)	B (mm)
CP-1	2.2	200	5
CP-2	4	200	5
CP-3	6	200	5

Pedestal	Pedestal Series	Model No. CP	Rev. 1
