

# Link Controller - RM-Link

## Function

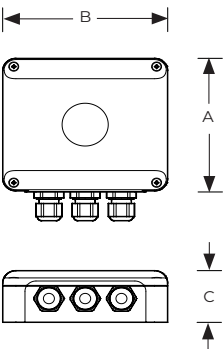

Link Controller - RM-Link comes with a handheld RF remote which wirelessly controls swimming pool LED lamps. The Link Controller can also integrate with a home automation system via RS-485, CAN bus and DIP switch connections, allowing links with multiple Link Controllers to control more lights. Additionally, it supports DMX 512 communication and features an SD card slot for easy firmware updates.

When used with Link Touch Remote (optional) more configurations will be available, such as Light Dimming function, colour temperature adjustment and more.

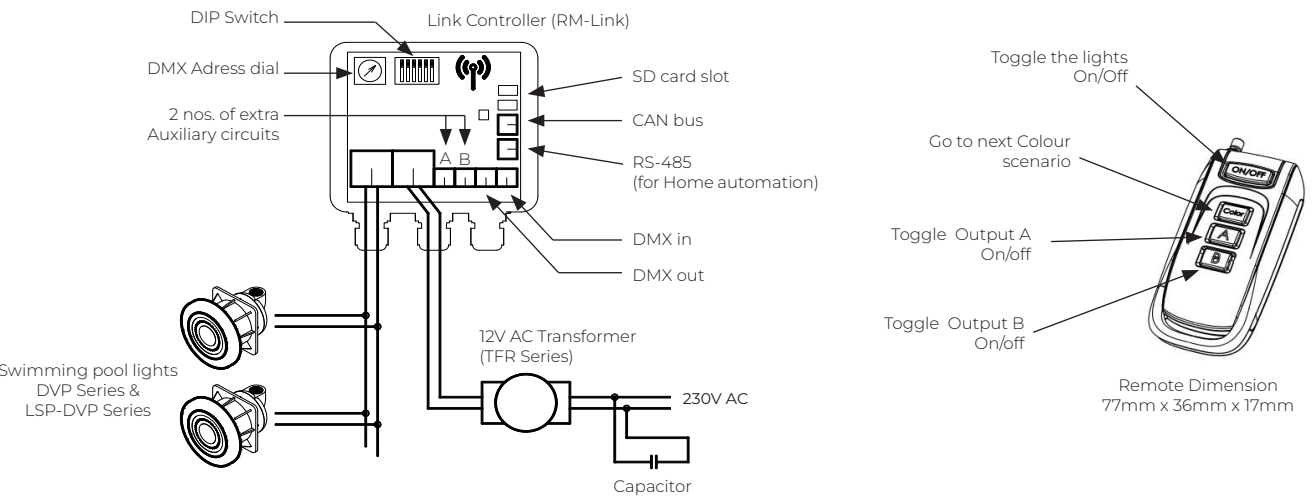

## Specifications

<b>Input Voltage</b>	12 VAC	<b>DMX512 interface:</b> Yes
<b>Frequency band transmitter</b>	868 MHz	<b>RS485 interface:</b> Yes
<b>Auxiliary outputs</b>	2 nos.	<b>Link touch Compatible:</b> Yes
		<b>Protection Rating</b>
		IP 54

Model No.	Description	A (mm)	B (mm)	C (mm)
RM-Link	Link Controller	150	130	54

## Typical Wiring Installation

## Accessories

**Link Touch - RGB(W)**  
\* for RGB or RGBW lights
